SUBJECT

Renew authorization for remote (teleconference/videoconference) meetings by finding, pursuant to Assembly Bill 361, that (a) the COVID-19 pandemic state of emergency is ongoing, and (b) local officials continue to recommend measures to promote social distancing

RECOMMENDED ACTION

Renew authorization for remote (teleconference/videoconference) meetings by finding, pursuant to Assembly Bill 361, that (a) the COVID-19 pandemic state of emergency is ongoing, and (b) local officials continue to recommend measures to promote social distancing.

FISCAL IMPACT

None.

REASONS FOR RECOMMENDED ACTION

The recommended action is required by Assembly Bill 361 to continue meeting remotely during a declared state of emergency. It includes a finding that social distancing measures continue to be recommended, consistent with the attached memorandum from the County Health Officer (Attachment A). This finding (or a finding that meeting in person would present imminent health and safety risks) is required on a monthly basis.

Item 4-ATT A

Aimee Sisson, MD, MPH Health Officer MAILING ADDRESS 137 N. Cottonwood Street • Woodland, CA 95695 www.yolocounty.org

Date: November 20, 2021 To: All Yolo County Boards and Commissions From: Dr. Aimee Sisson, Health Officer Subject: Remote Public Meetings

On September 22 and October 20, I issued memoranda recommending remote meetings. While the case rate in Yolo County has declined over the last month, the current case rate continues to represent substantial community transmission. In the context of substantial community transmission, I recommend meetings be held remotely whenever possible. I am re-issuing the earlier memoranda with updated COVID-19 case rate data.

In light of the ongoing public health emergency related to COVID-19 and the substantial level of community transmission of the virus that causes COVID-19, the Yolo County Public Health Officer recommends that public bodies continue to meet remotely to the extent possible. Board and Commissions can utilize the provisions of newly enacted AB 361 to maintain remote meetings under the Ralph M. Brown Act and similar laws.

Among other reasons, the grounds for the remote meeting recommendation include:

- The continued threat of COVID-19 to the community. As of November 20, 2021, the current case rate is 8.9 cases per 100,000 residents per day. This case rate is considered "Substantial" under the Centers for Disease Control and Prevention's (CDC) framework for assessing community COVID-19 transmission; and
- The unique characteristics of public governmental meetings, including the increased mixing associated with bringing together people from across the community, the need to enable those who are immunocompromised or unvaccinated to be able to safely continue to fully participate in public governmental meetings, and the challenges of ensuring compliance with safety requirements and recommendations at such meetings.

Meetings that cannot feasibly be held virtually should be held outdoors when possible, or indoors only in small groups with face coverings, maximal physical distance between participants, use of a portable HEPA filter (unless comparable filtration is provided through facility HVAC systems), and shortened meeting times.

Item № 8 Executive Officer's Report

The Commission was given written reports of the Executive Officer's activities for the period of October 25 through December 3, 2021, and was verbally updated on recent events relevant to the Commission, including the Long Range Planning Calendar.

Staff stated that after four years of serving as the CALAFCO Deputy Executive Officer she has stepped out of that role and handed the reins over to Jose Henriquez, Sacramento LAFCos Executive Officer.

Staff stated that there has been a pre-application submitted to the City of Davis to develop approximately 1,200 homes outside of the City's sphere of influence (SOI). Staff noted that this is the second project on prime agricultural land proposed outside of the City's SOI, although City staff had told LAFCo during a meeting in February 2021 regarding its Municipal Service Review and Sphere of Influence (MSR/SOI) process that it did not want to update its SOI at this time.

Chair Woods with consensus from the Commission directed staff to schedule a follow up meeting with him, Vice Chair Saylor, and staff to discuss having a conversation with the City regarding the role of a general plan, the sphere of influence, and LAFCo's purpose and mission.

Information

SUBJECT Review and file Fiscal Year 2021/22 Second Quarter Financial Update

RECOMMENDED ACTION

Review and file Fiscal Year 2021/22 Second Quarter Financial Update.

FISCAL IMPACT

None.

REASONS FOR RECOMMENDED ACTION

The intent of the quarterly financial report is to provide the Commission with an update on how LAFCo performed financially in the previous quarter as compared to the adopted budget and to discuss any issues as appropriate. The practice was recommended during a previous audit as an additional safeguard to ensure sound financial management, given the small size of the LAFCo staff. In accordance with LAFCo Administrative Policies and Procedures, the Commission adopts the final budget and is authorized to make adjustments as appropriate.

BACKGROUND

The LAFCo FY 2021/22 budget was adopted on May 27,2021. During the second quarter LAFCo remained on track with regards to both revenue and expenditures.

REVENUES

By the end of the second quarter of FY 2021/22 LAFCo had received \$404,959 (76.41%) of its expected revenues of \$522,820. Fund balance has been used to balance most of the remainder of the budget (20%). LAFCo's most significant revenue source comes from local government agency payments. By the close of the second quarter LAFCo had received 100% (\$390,241) of its funds from the agencies. Expected revenue during the second quarter included \$722.38 (28.90%) received in investment earnings. Other minimal revenue not yet received includes the CALAFCO stipend for Deputy Executive Officer activities. Revenue that was not anticipated in the budget and received during the second quarter included a deposit of \$8,500 for the Yolo County Flood Control and Water Conservation District (YCFCWCD) Annexation (LAFCo No. 21-06).

In Attachments B and C, Yolo County Department of Financial Services (DFS) recorded an adjustment in the first quarter of \$1,134 to *Investment Earnings-Pool* to comply with Government Accounting Standard Board (GASB) reporting requirements. However, it is a financial reporting adjustment only and is not considered a spendable revenue for budget purposes. Therefore, the adjustment was not included in the Budget Status Summary. Additionally, the income statement (Attachment B) does not match staff's budget summary (Attachment A). This is because each year, LAFCo uses some fund balance to balance its budget. The use of fund balance does not show up as new net income because its already in our fund.

EXPENDITURES

During the first half of FY 2021/22 LAFCo expended a total of \$216,862 (41.89%) of its annual budgeted costs of \$517,670. LAFCo expended \$188,061.25 (46.58%) of its Salary and Benefits

appropriation of \$403,719. LAFCo expended \$28,800.95 (32.38%) of its Services and Supplies appropriation of \$88,951. During the first half LAFCo expended \$5,380.50 (448.38%) of its appropriations for *Professional & Specialist Service-Info Tech Svc* (account 501152), exceeding its appropriations by \$4,180.50. \$4,000.50 of that amount was used for the collection of extensive GIS data, maps and information to inform all of the parties involved regarding the upcoming Fire Protection Districts Municipal Service Review (MSR). LAFCo has not expended any of its *Other Charges* account. This account is used to pay other agency fees (including State Board of Equalization filing fees for the reclamation district boundary changes) in processing LAFCo proposals and the fees are reimbursed by the applicant. For each budget its difficult to anticipate proposal revenue, and in order to be conservative we don't assume any. Consequently, unexpected revenues and expenses reflect the pass through of these actual costs. LAFCo has not used any of its appropriation for contingencies.

BUDGET REPORTS

The Budget Status Summary (Attachment A) is an easy to read summary of the budget. The Income Statement Report (Attachment B) shows the amount expended for the quarter, the year to date amount and budget and the percentage of budget used. The General Ledger Report (Attachment C) shows a running balance of all transactions, including both revenue and expenditure amounts.

News from the Board of Directors

Item7-ATT B

December 2021

Greetings from your CALAFCO Board of Directors and Executive Director. As we wind down 2021, the holidays and year-end are a great time to reflect on where we've been and look to the future. We wish you and your families all the best in the coming year.

This Fourth Quarterly Report of 2021 will begin by highlighting the news in our CALAFCO family first, followed by Association updates. It's been a very busy 4th quarter so there's lots of news to report. Happy reading!

Congratulations on these retirements

This year we've seen a lot of retirements, and this quarter is no different. We want to congratulate two long-time LAFCo leaders on their retirements. Their contributions to CALAFCO and to LAFCos statewide are far too numerous to list here. Needless to say, they both leave huge shoes to fill and will be greatly missed. We wish them both all the best in their retirement!

After a 35-year LAFCo career, Roseanne Chamberlain,

Amador LAFCo Executive Officer (EO), is retiring. Roseanne began her LAFCo career as a public member Commissioner for Sacramento LAFCo. She served on the CALAFCO Board for 6 years with 2 of those years as Chair of the Board. Her distinguished career also includes work as

EO and Interim EO for several LAFCos. In 2013, Roseanne was the recipient of CALAFCO's Distinguished Service Award.

Also calling it time to retire this month is San Mateo LAFCo Executive Officer (EO) *Martha Poyatos*. Her LAFCo career

began 28 years ago in San Mateo and she's done it all there from commission clerk to analyst and EO. In 2008, Martha received CALAFCO's Outstanding LAFCo Professional Award. Martha also served two terms as CALAFCO Deputy Executive Officer for the coastal region from 2018-2021.

Los Angeles LAFCo Commissioner Retires

Long-time *LA LAFCo* commissioner *Richard Close*, the San Fernando Valley public member, retired after 25 years of service. Commissioner Close was re-appointed to consecutive four-year terms for more than two decades. He served with distinction, even surviving a challenge to his position on the Commission, given that he was a longstanding proponent of the proposed secession of the San Fernando Valley from the City of Los Angeles. Fellow commissioners lauded Commissioner Close's intellect, integrity, and independence in representing the San Fernando Valley.

Amador LAFCo Announces New Executive Officer

Amador LAFCo announced the hiring of *Kris Berry* as the new Executive Officer (EO). Kris retired earlier this year as the EO of Placer LAFCo.

San Mateo LAFCo Announces Interim Executive Officer

Rob Bartoli will transition to the Interim EO position for San Mateo LAFCo effective January 1, with the departure of Martha.

Napa LAFCo Announces New Quarterly Newsletter

Napa LAFCo began a Quarterly Newsletter earlier this year. The newsletter features local LAFCo news of note and what's on the horizon. You can find it on their website.

San Diego LAFCo Welcomes New Analyst

Carolanne leromnimon recently joined the San Diego LAFCo team. She started with San Diego LAFCo earlier this year as an intern and is now a full-time Analyst.

CALAFCO 2022 STAFF WORKSHOP

Join us March 23- 25 at the Hyatt Regency Newport Beach John Wayne Airport when we FINALLY get LAFCo staff together for the Workshop. It's been so long since we've gathered in person and the time is finally here! All Workshop details including info about the program, registration and hotel reservations will be posted on the CALAFCO website the first week of January.

News from the Board of Directors

Deadline to register for the Workshop is March 9 and hotel reservation cutoff date is February 22.

CALAFCO UNIVERSITY

We are pleased to continue offering webinars at no cost to our members. We

have two **CALAFCO U webinars** scheduled for the first quarter 2022, so *mark your calendars!*

First up on January 10 is *The Property Tax Elements of Jurisdictional Changes and Fiscal Reviews.* Our property tax expert will share resource reports such as trends of value change, revenue calculations, and budget forecast tools that are useful resources for LAFCos when conducting MSRs. Other panelists will share case studies and perspectives on budget forecasting. Registration for this session closes January 5.

Scheduled for **February 23** is a session on *Best Practices for Hiring in the New World (Post-Pandemic).* We will feature a labor/employment law attorney, recruiting firm executive, and an Executive Officer, all of whom will share the myriad of things we need to know as we navigate the new (and wild) labor market seeking the best candidates in this postpandemic world.

Details for all CALAFCO University courses are on the CALAFCO website.

CALAFCO Board of Directors

CALAFCO Board and Regional Officer Changes

Results of the October CALAFCO Board of Directors elections netted several new Board members for 2022. Earlier this month, Board member *David West* (Imperial LAFCo) who held the southern region public member seat, resigned from the Board. With a term set to expire October 2022, at their January 21 meeting the Board will appoint a replacement to fill that unexpired term.

Current Board members include:

Northern: Bill Connelly (Butte), Blake Inscore (Del Norte), Debra Lake (Humboldt) and Josh Susman (Nevada). Southern: Mike Kelley (Imperial), Jo MacKenzie (San Diego) and Acquanetta Warren (San Bernardino). Coastal: Chris Lopez (Monterey), Mike McGill (Contra Costa), Margie Mohler (Napa) and Shane Stark (Santa Barbara). Central: Gay Jones (Sacramento), Daron McDaniel (Merced), Anita Paque (Calaveras) and Daniel Parra (Fresno).

In October the Board said goodbye to *David Couch* (Humboldt) and *Tom Murray* (San Luis Obispo). We thank them for their service and many contributions to CALAFCO.

Additionally, at their November meeting the Board approved the new Coastal and Central region DEO appointments. We welcome *Dawn Mittleman Longoria* (Napa) and *José Henríquez* (Sacramento) to the team. We thank outgoing DEOs *Christine Crawford* (Yolo) *and Martha Poyatos* (San Mateo) for their service.

CALAFCO Board 2022 Officers and Committees

At the October 8 meeting, the CALAFCO Board elected their officers for 2022 as follows: Chair–*Anita Paque* (Calaveras - central) Vice Chair–*Bill Connelly* (Butte - northern) Treasurer–*Margie Mohler* (Napa - coastal) Secretary–*Acquanetta Warren* (San Bernardino - southern)

They also appointed members to the 2022 standing committees as follows:

Legislative Committee

Bill Connelly (North) Anita Paque (Central) Jo MacKenzie (South) Mike McGill (Coastal) Gay Jones (At-Large) Margie Mohler (a) (At-Large) Michael Kelley (a) (South) Chris Lopez (a) (Coastal) Daron McDaniel (a) (Central) Josh Susman (a) (North) Elections Committee Bill Connelly

CALAFCO BOARD ACTIONS

The Board met virtually on October 8 and appointed the staff members of the 2022 Legislative and Advisory Committees. In addition to the actions

noted on page 2 of this Report, they also adopted their 2022 annual meeting calendar and approved the FY 2020-21 annual tax filings.

They met virtually on November 12 with a full agenda. Under the leadership of *Chair Anita Paque*, the Board took a number of actions.

- ✓ The FY 2021-22 quarterly financial reports were received. Revenues for the first quarter were mostly on track and expenses were far below the 24% point.
- Received the annual Administrative and Operational Report. This is an annual item as part of corporation best practice.
- ✓ Approved amendments/updates to the CALAFCO Legislative Policies, Priorities and Issues of Interest. All recommended changes by the Legislative Committee were approved and adopted.
- Considered and reaffirmed legislative priorities for 2022. The Board considered an additional proposal received from San Diego LAFCo to sponsor a bill making changes to Gov. Code Sec. 56430, requiring all LAFCos to consider Municipal Service Reviews (MSRs) in a 21-day noticed public hearing and all affected service providers to place the MSR on their meeting agenda for discussion. Given the Board previously approved the sponsorship of three (3) bills for 2022, this proposal was tabled for reconsideration again next year.

The Board's direction to staff in terms of 2022 legislative priorities include sponsoring the annual Omnibus bill, co-sponsoring changes to §56133 with San Diego LAFCo (an item tabled in 2021), and to proceed with wrapping up the work of the protest provision rewrite working group.

✓ Closed session held to approve 2-month contract for Pamela Miller as Executive Director. In closed session the Board approved a contract for Pamela Miller for Jan-Feb 2022 as a contract Executive Director (transitioning from employee), with limited hours of approx. 20 per week. There was also discussion about priorities during this critical transition period.

copies are now being accepted. You

January 3, 2022 marks the start of the second year in the 2-year legislative cycle. Once again the year is expected to be wild and unpredictable. The State has a large budget surplus which is creating all kinds of early budget negotiating, as is the influx of Federal money.

Legislators will hit the ground running trying to move the large number of left-

over 2-year bills through committee in January to meet deadlines. That action, along with introduction of new bills for the year, sets the table for a very busy January.

All bills being tracked by CALAFCO can be found on the CALAFCO website inside the Legislation section of the site (log in with your member id first to access this section). CALAFCO's position on all bills is reflected there, and any letters issued by CALAFCO are posted. The CALAFCO Legislative Committee meets regularly and all meeting materials are located in the Legislation section of the CALAFCO website.

Watch for the two Local Government Committee and OPR year-end legislative reports coming soon!

Item 7-ATT C YOLO Collaboration for Better Government

January 5, 2022

Ash Feeney, Assistant City Manager City of Davis 23 Russell Boulevard Davis, CA 95616 [Sent via Email]

Re: Development Proposals Outside the City's Sphere of Influence

Dear Ash,

The Yolo Local Agency Formation Commission (LAFCo) submitted a comment letter on the Davis Innovation and Sustainability Campus, Planning Application #21-29 (DISC 2022) on August 27, 2021 (see attached), reiterating fundamental policy conflicts with the Project's proposed conversion of prime agricultural land in an area not included in the City's sphere of influence (SOI). As you are aware, LAFCo is responsible for developing the City's SOI as the City's plan for growth and must approve any annexation of territory into the City. However, because the City apparently does not plan to request an amendment to its SOI until after the DISC 2022 project has been approved by the voters, LAFCo's involvement in planning for the City's orderly growth is being significantly impaired. We ask that the City take the following specific steps to recognize LAFCo's role in the City's growth: (1) submit an SOI Amendment application to LAFCo before the DISC 2022 project goes to the voters; and (2) reject any other development applications outside the City's SOI and work with LAFCo on updating its SOI

The primary objectives of LAFCo are to further the State policies of "discouraging urban sprawl, preserving open-space and prime agricultural lands, encouraging the efficient provision of government services, and encouraging the orderly formation and development of local agencies based upon local conditions and circumstances" (Government Code §56301.) One way LAFCos achieve their objectives is by developing and determining the SOIs of the cities and districts within their respective counties. (Government Code §56425(a).) An SOI is "a plan for the probable physical boundaries and service area of a local agency, as determined by the commission." (Government Code §56076.) Importantly, an unincorporated area cannot be annexed into a city unless that area is within the city's SOI. (Government Code §56375.5.) State policy provides that new development should be steered to the existing jurisdiction or the existing SOI before going outside those areas, with a preference for non-prime farmland. (Government Code §56377.) Yolo LAFCo's policies mirror those policies as outlined in LAFCo's August 27, 2021 comment letter (attached).

Yolo LAFCo is required, as necessary, to review and update the City's SOI every five years, usually as part of the city's municipal services review (Government Code §56425(g)). LAFCo last conducted a comprehensive review of the City of

37

Davis's SOI in 2016, and in consultation with the City kept the existing SOI intact. LAFCo revisited the City's SOI just last year, on March 25, 2021. Following a meeting with you on February 9, 2021, this review determined an SOI Update was not necessary because the City indicated it wanted to first embark on comprehensive General Plan Update as the logical first step in its long-term planning efforts, which was set to begin in 2022.

However, with the City's reconsideration of the DISC 2022 project and the recent submittal of a pre-application for a 1,100-1,200-unit housing development on what's known as the "Shriners Property," which also is outside the City's SOI and not considered in the City's General Plan, LAFCo grows increasingly concerned that the City ignoring the role the SOI plays in its long-term plans may become a recurring and increasingly significant issue. The City has declined its last two opportunities to proactively work with LAFCo to update its SOI to appropriately plan for future growth, yet the City continues to entertain development applications outside its SOI. LAFCo believes that this ad-hoc approach -- in which the City's general plan and a SOI adopted by LAFCo -- will result in haphazard growth and unnecessary urban sprawl. It also undermines LAFCo's role in determining the urban-rural interface in addition to good planning principles more generally.

In light of the City's decision to bypass LAFCo's SOI Update process and entertain development proposals outside the SOI, thus undermining LAFCo's role in planning orderly growth, LAFCo respectfully requests the City do the following:

- 1. Submit to LAFCo an SOI Amendment application for the DISC 2022 Project for consideration and public hearing *before* the project goes to the voters in an election; and
- 2. Do not accept an application for the Shriners Property (or any other application located outside the City's SOI) and work with LAFCo on a comprehensive SOI Update.

The LAFCo Chair and Vice-Chair, LAFCo Counsel, and I request a meeting with you to discuss this request and next steps based in comprehensive planning principles.

We look forward to hearing from you.

Sincerely,

Christine M. Crawford, AICP

YOLO LAFCO Collaboration for Better Government

August 27, 2021 Sherri Metzker, Planner Department of Community Development and Sustainability, Suite 2 23 Russel Boulevard

Re: Disc 2022 Planning Application #21-29 (Annex1-21, GPA1-21, PreZone1-21,)

Hello Sherri:

[via email]

Davis, CA 95616

Thank you for opportunity to comment on the Disc 2022 Project. While LAFCo appreciates the revised Project's overall reduction in construction footprint, staff remains concerned about the Project's proposed conversation of prime agricultural land in an area not included in the City's SOI, which is intended to be the City's plan for growth.

Key LAFCo policy issues are highlighted below. All policy references below refer to Yolo LAFCo Project Policies dated May 27, 2021 posted on our website here: https://www.yololafco.org/files/7a8b5e9eb/LAFCo+Project+Polices-Updated+05.27.2021.pdf.

- The project is not located within the City of Davis sphere of influence (SOI). An SOI Amendment would need to be approved by Yolo LAFCo prior to, or in conjunction with, the application for annexation. The project appears to conflict with SOI Policy 6.3(b) avoiding development on prime agricultural land and would need to submit analysis/justification to address Policy 6.5(a) Land Demand for Growth, (d) Regional Housing Needs and (h) Agricultural Land and Open Space.
- An annexation application to LAFCo would need to include analysis of how this project impacts the City's jobs/housing balance and complies with SACOG's Affordable Housing Compact (Policy 2.10).
- The project appears to conflict with LAFCo policies regarding conversion of agricultural land (Policy 4.4).
- The project will need to justify that there is insufficient marketable, viable and less prime agricultural land available for development (Policy 4.6 and 4.8(e)).
- Previous LAFCo comments on the required agricultural mitigation remain applicable (Policy 4.9, 4.10 and 4.11). LAFCo has reviewed the CEQA analysis and determined that it complies.

If you have any questions, please feel free to contact me.

Thank you,

Christine M. Crawford, AICP

Public Hearings 8.

LAFCO Meeting Date: 01/27/2022

Information

SUBJECT

Public Hearing to consider and adopt **Resolution 2022-01** approving the Yolo County Flood Control and Water Conservation District Annexation (LAFCo No. 21-06) and Waiving Conducting Authority Proceedings, subject to findings and conditions contained in the staff report

RECOMMENDED ACTION

- 1. Receive staff presentation and open the Public Hearing for public comments on the item.
- 2. Close the Public Hearing and consider the information presented in the staff report and during the public hearing, including the CEQA Notice of Exemption prepared by the Yolo County Flood Control and Water Conservation District as the Lead Agency.
- 3. Adopt Resolution 2022-01 approving the Yolo County Flood Control and Water Conservation District Annexation (LAFCo No. 21-06) and waiving conducting authority proceedings, subject to the findings and conditions contained in the staff report.

FISCAL IMPACT

None. LAFCo will be reimbursed by the applicant for staff time and fees associated with processing this request in accordance with the adopted fee schedule.

REASONS FOR RECOMMENDED ACTION

Landowners who own 17 total parcels of agricultural land have requested access to Yolo County Flood Control and Water Conservation District (YCFCWCD) surface water supplies. The YCFCWCD approved service to these parcels contingent upon LAFCo approval of the annexation.

BACKGROUND

The Yolo County Flood Control & Water Conservation District (YCFCWCD) was created as an independent special district by the State Legislature in 1951. The District was formed to fill a major regional gap in securing and delivering water resources for Yolo County to support its rich agricultural base and protect its environmental, economic, and local water resources. YCFCWCD's water rights include Clear Lake (150,000 acre-feet allocation when full) and Indian Reservoir Dam (300,000 acre-feet allocation when full). Its distribution system includes more than 160 miles of irrigation and drainage facilities, most of which consist of earthen or unlined channels.

The subject parcels are included in YCFCWCD's sphere of influence. The properties are adjacent to the existing YCFCWCD boundary and are currently designated and zoned for agricultural use by Yolo County. This request for annexation was initiated by the YCFCWCD on December 1, 2020 and submitted to LAFCo on September 27, 2021. All the property owners have requested and consented to this proposal. The Yolo County Auditor determined the affected district does not receive property taxes from these 17 parcels and is not seeking any property tax revenue for the subject territory. Per Revenue and Taxation Code Section 99(b)(3), Yolo County has consulted with YCFCWCD and determined that a property tax revenue negotiated exchange is, therefore, not applicable because the YCFCWCD will charge assessments and usage fees for the service.

The Cortese-Knox-Hertzberg Act Government Code Section 56668.3 outlines the following factors to be considered by the Commission for a reorganization that includes the annexation of territory to any district:

- 1. Whether the proposed annexation will be for the interest of present and future landowners and inhabitants within the territory to be annexed;
- 2. Any resolution raising objections (financial or service concerns) that may be filed by an affected agency;
- 3. The adequacy of existing and planned future services to meet the probable future needs of the territory; and
- 4. Any other information which the commission deems appropriate for consideration.

Annexation would allow these agricultural lands to have access to surface water supplies from Cache Creek. It would reduce the use of groundwater and may help recharge the Yolo Subbasin during those years when surface water is available. The YCFCWCD has capacity to serve these additional parcels when water allocation is available, and whenever a drought year occurs, YCFCWCD has an allocation system in place for scarce surface water. Groundwater could still be used for irrigation as a backup if needed. Annexation to YCFCWCD is part of the larger Yolo Subbasin groundwater management strategy and would provide for conjunctive use and a more sustainable water supply. The project would help expand use of surface water availability and reduce reliance on groundwater during wet years. The project would also result in additional revenue for District infrastructure investment and maintenance. It also would provide long term funding stability for the District, which would be a benefit to all District landowners. Fifteen of the 17 parcels can receive water upon completion of the annexation process. The two remaining parcels will first need to construct a pipeline to convey water from the Hungry Hollow Canal, which will be financed by the landowners and is estimated to take approximately two years to complete. No objections or concerns have been raised by any affected agency, landowner or resident of the subject territory.

Public/Agency Notification and Waiver of Protest Proceedings

A notice was published on January 5, 2022 in the Davis Enterprise including the intent to waive protest proceedings. Notices were also mailed to each landowner and registered voter within the subject area, plus a 300 foot radius. No objections from any affected or interested agency landowners or the general public have been received. Pursuant to Cortese-Knox-Hertzberg Act Section 56662 and 57002, the Commission may waive protest proceedings entirely because 100% of the landowners within the affected territory have consented to the proposal.

CEQA

The potential environmental effects of the proposal have been reviewed by the YCFCWCD as Lead Agency and determined there is no substantial evidence supporting a fair argument that the project will have a significant effect on the environment and filed a Notice of Exemption in accordance with the California Environmental Quality Act (CEQA). CEQA requires a Responsible Agency to accept a CEQA document as prepared by the Lead Agency and to treat the document as being legally adequate absent specified circumstances not present herein. The project would allow the subject parcels to access surface water for agricultural purposes when available from Cache Creek. It will reduce the use of groundwater and may help recharge the Yolo Subbasin during wet years. The project does not involve any land use changes and will result in only minor physical construction of pipeline by two landowners to supply irrigation water from the Hungry Hollow Canal to the proposed annexation area. as the remaining 15 parcels will utilize existing water conveyance facilities. The District is not constructing the canals or laterals. The landowners will continue to use the District's existing facilities or will have to tie into the existing facilities. The landowners will determine when additional infrastructure is needed on their own property. The landowners will be responsible for financing, constructing, and maintaining any facilities that they decide are needed. The subject territory will remain in agricultural production notwithstanding the source of irrigation water and may even improve environmental conditions by reducing reliance on groundwater.

RESOLUTION № 2022-01

Approving the Yolo County Flood Control and Water Conservation District Annexation (LAFCo № 21-06) and Waiving Conducting Authority Proceedings

WHEREAS, on September 27, 2021, the Yolo County Flood Control and Water Conservation District (YCFCWCD or District) submitted an application to annex 17 parcels totaling approximately 2,280 acres into the District (APNs 025-280-001, 025-280-002, 025-280-005, 025-280-008, 047-130-006, 050-140-001, 050-140-003, 050-140-007, 054-190-011, 054-190-012, 054-220-001, 054-220-002, 054-220-004, 054-230-015, 061-070-010, and 061-070-002); and

WHEREAS, the project was routed to all subject, affected, and interested agencies and no comments were received; and

WHEREAS, the Yolo County Auditor determined the District does not receive property taxes and is not seeking any property tax revenue for the subject territory, and per Revenue and Taxation Code Section 99(b)(3), Yolo County has consulted with YCFCWCD and determined that a property tax revenue negotiated exchange is, therefore, not applicable; and

WHEREAS, the Yolo Local Agency Formation Commission (Yolo LAFCo or Commission) analyzed the project in accordance with all applicable sections of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, Yolo LAFCo's Standards of Evaluation and its Agricultural Policy, and all other matters presented as prescribed by law; and

WHEREAS, on November 17, 2020, YCFCWCD filed a Notice of Exemption as Lead Agency for the project in accordance with the California Environmental Quality Act (CEQA) per Section 15319 Categorial Exemption for "Annexations of Existing Facilities and Lots for Exempt Facilities"; and

WHEREAS, CEQA requires a Responsible Agency to accept the Notice of Exemption as prepared by the Lead Agency and to treat the document as being legally adequate absent specified circumstances not present herein; and

WHEREAS, a Certificate of Filing was issued for the proposal on January 5, 2022; and

WHEREAS, a public hearing notice was published in the Davis Enterprise on January 5, 2022, and mailed to all landowners and registered voters in the subject territory plus a 300' radius on January 4, 2022; and

WHEREAS, the public hearing notice included the Commission's intent to waive protest and election proceedings as required in accordance with Cortese-Knox-Hertzberg Act, Gov't Code § 56663(a); and

WHEREAS, the Executive Officer reviewed the proposal and prepared and filed a report with recommendations with this Commission at least five days prior to the date of the January 27, 2022, meeting during which the project was set to be considered; and

WHEREAS, on January 27, 2022, the annexation proposal came on regularly for hearing before Yolo LAFCo, at the time and place specified in the notice, and an opportunity was given to all interested persons, organizations, and agencies to present oral or written testimony, protests, objections, and any other information concerning the Proposal and all related matters; and

WHEREAS, at said meeting, the Commission reviewed and considered the Categorical Exemption and the Executive Officer's Report including all the information, recommendations, findings, and conditions contained therein.

NOW, THEREFORE, BE IT RESOLVED the Yolo Local Agency Formation Commission approves the Yolo County Flood Control and Water Conservation District Annexation (LAFCO № 21-06) as illustrated in Attachment A and hereby waives conducting authority proceedings pursuant to Government Code Section 56663(a) subject to the following findings and conditions of approval:

<u>Findings</u>

CEQA

1. <u>Finding</u>: The potential environmental effects of the proposal (LAFCo № 21-06) have been reviewed by the YCFCWCD as Lead Agency and filed a Notice of Exemption in accordance with the California Environmental Quality Act (CEQA) per Section 15319 Categorial Exemption for "Annexations of Existing Facilities and Lots for Exempt Facilities".

<u>Evidence</u>: CEQA requires a Responsible Agency to accept a CEQA document as prepared by the Lead Agency and to treat the document as being legally adequate absent specified circumstances not present herein. The project would allow the subject parcels to access surface water for agricultural purposes when available from Cache Creek. It will reduce the use of groundwater and may help recharge the Yolo Subbasin during wet years. The project does not involve any land use changes and will result in only minor physical construction of pipeline by two landowners to supply irrigation water from the Hungry Hollow Canal to the proposed annexation area, as the remaining 15 parcels will utilize existing water conveyance facilities. The District is not constructing the canals or laterals. The landowners will continue to use the District's existing facilities or will have to tie into the existing facilities. The landowners will determine when additional infrastructure is needed on their own property. The landowners will be responsible for financing, constructing, and maintaining any facilities that they decide are needed. The subject territory will remain in agricultural production notwithstanding the source of irrigation water and may even improve environmental conditions by reducing reliance on groundwater.

Project Findings (in Accordance with Government Code Section 56668.3)

2. <u>Finding:</u> The annexation will be for the interest of present and future landowners and inhabitants within the territory to be annexed.

<u>Evidence:</u> The annexation will allow landowners access to YCFCWCD's surface water allocation when available. The proposed annexation has been initiated by the YCFCWCD at the request of 100% of the subject landowners. The 17 parcels are owned by 8 separate landowners that have all requested and consented to this annexation by YCFCWCD. The project would help expand use of surface water availability and reduce reliance on groundwater during wet years. The project would also result in additional revenue for District infrastructure investment and maintenance. It also would provide long term funding stability for the District, which would be a benefit to all District landowners.

3. <u>Finding:</u> No resolutions raising objections have been filed by an affected agency regarding the proposed project.

<u>Evidence:</u> LAFCo has not received any objections (resolutions or otherwise) filed by an affected or interested agency regarding the proposed project. No objections from any landowners or the general public have been received.

4. <u>Finding:</u> YCFCWCD has adequate services to meet the existing and probable future needs of the territory.

<u>Evidence</u>: Although water is a limited resource, YCFCWCD has adequate services to supply non-potable agricultural irrigation water during wet years which results in less groundwater pumping over time. With agricultural water there is much more flexibility in water demand. Farmers can opt to use groundwater via individual wells, plant crops that are less water-intensive, plant less acreage and consolidate their water allocation on less area, or (as in the case of rice farmers) not plant rice fields at all and submit a claim for crop failure from their insurance company. Overall, the project will allow more farmers to access surface water when available and result in less reliance on groundwater.

Findings to Waive Proceedings (in accordance with Cortese-Knox-Hertzberg Act, Gov't Code § 56663(a))

5. <u>Finding:</u> The resolution from YCFCWCD to apply for an annexation is accompanied by proof, satisfactory to the Commission, that all the owners of land within the affected territory have given their written consent to that reorganization.

<u>Evidence:</u> The YCFCWCD application for reorganization (LAFCo № 21-06) includes written consent signed by all 8 landowners of 17 parcels that comprise 100% of the affected territory. Notice was provided to all landowners within the project territory plus a 300' radius and all registered voters and no written opposition has been received. The notice includes the Commission's intent to waive protest and election proceedings as required.

Conditions of Approval

- 1. The applicant and the real party of interest, if different, agree to defend, indemnify, hold harmless, and release the Yolo Local Agency Formation Commission, its agents, officers, attorney, and employees from any claim, action, or proceeding brought against any of them, the purpose of which to attack, set aside, void, or annul the approval of this application or adoption of the environmental review which accompanies it. This indemnification obligation shall include, but not be limited to, damages, costs, expenses, attorney fees, or expert witness fees that may be asserted by any person or entity, including the applicant, arising out of or in connection with the approval of this application, whether or not there is concurrent passive negligence of the part of the Yolo Local Agency Formation Commission its agents, officers, attorneys, or employees.
- 2. The project will be subject to all appropriate LAFCo, State Board of Equalization, and County Clerk-Recorder fees prior to recording the Certificate of Completion for the YCFCWCD Annexation (LAFCO № 21-06).
- 3. The effective date of the approval of this annexation is five (5) days after the date the Certificate of Completion is recorded by the County Clerk-Recorder.

Yolo County Flood Control and Water Conservation District's LAFCo Application RE: to Annex 17 Parcels (LAFCo 21-06)

Dear Yolo County Flood Control and Water Conservation District Board of Directors and General Manager,

The Yolo County Flood Control and Water Conservation District has applied to the Yolo County Local Agency Formation Commission (LAFCo) to annex 17 parcels to provide surface water irrigation for agricultural purposes. If granted, the current territory of the Yolo County Flood Control and Water Conservation District will be subject to a jurisdictional change. This letter provides notice of the determination that there will be no property tax exchange as a result of the proposed reorganization.

Revenue and Taxation Code section 99 requires the Yolo County Board of Supervisors to negotiate on behalf of any special district affected by such an organizational change an exchange of property tax revenues, if any. Here, because the Yolo County Department of Financial Services has determined that the affected districts do not receive any property tax revenue, there is no property tax revenue that is subject to a negotiated exchange and therefore a negotiation is inapplicable. No property tax revenue or apportionment is affected by the proposed reorganization and no property tax revenue or apportionment shall be transferred to the Yolo County Flood Control and Water Conservation District should the application be approved by LAFCo.

Please do not hesitate to contact Alexander Tengolics in the County Administrator's Office at (530) 666-8068 with any questions.

Sincerely,

Chad Rinde Interim County Administrator, Yolo County

SUBJECT: LAFCo 21-06 - Yolo County Flood Control & Water Conservation District "YCFCWCD" Annexation

The LAFCo project referenced above will annex 2,269.65 acres into the Yolo County Flood Control & Water Conservation District.

Per LAFCo, this proposal is subject to Section 99 of the Revenue and Taxation code. Pursuant to Revenue and Taxation Code §99 and related subsections, the County Assessor's Office provided this office with a list of tax rate areas of those properties located within the boundaries of the proposed LAFCo project. Utilizing the Assessor's information, the agencies included in the tax rate areas are shown on the enclosure.

Pursuant to §99(b)(1)(B)(3), the Auditor shall notify the government body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated to §99(b)(2) that is subject to a negotiated exchange. However, Yolo County Flood Control and Water Conservation District is not requesting any property tax revenue from this annexation, no tax revenue impact is expected and therefore no property tax revenue is subject to a negotiated exchange.

Except as otherwise provided by law, pursuant to §99(b)(1)(B)(4), upon receipt of the enclosed estimates, the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between the local agencies. This negotiation period shall not exceed 60 days. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Note this proposal does not expect to be subject to a negotiated exchange.

After review, no property tax loss or exchange between agencies will be necessary for the subject properties. Most of the annexation is compatible with an existing tax rate area which includes the Yolo County Flood Control & Water Conservation District's boundary. One new tax rate area will be necessary for the proposed annexation.

Please do not hesitate to contact Alexander Tengolics, Legislative & Government Affairs Specialist at (530) 666-8068 prior to the anticipated Board meeting with any concerns or questions about this determination.

Respectfully,

Shorf Xlacky Salgerto

6) Property Tax Revenues:

If the proposal involves an annexation to a city and/or changes in district boundaries, negotiations for any exchange of property tax revenues *must be completed by the County and any affected city prior to LAFCo action*. For those proposals, LAFCo will notify the affected agencies after receiving your application and will provide preliminary information to begin the negotiations process.

7) Indemnification:

YCFCWCD - Discussed with LAFCo, see Special Revenues.

LAFCo requires that applicants indemnify LAFCo from litigation costs as a condition of submitting an application. The *Indemnification Agreement* is included in this application. YCFCWCD -

Indemnification included.

8) <u>Deposit</u>:

Fees will be charged for all Commission proceedings and actions at the Commission's actual costs (including overhead). All Fee Schedules are located separately under Application Materials on the LAFCo website.

YCFCWCD - Deposit is included.

All deposit fees listed are required to be paid by the applicant upon submittal of a proposal. A proposal with multiple actions requires a deposit for each action. If a proceeding is not listed, it will be subject to an initial fee as estimated by the Executive Officer. Any additional expenses incurred by the Commission, in excess of the deposited amount, will be billed to and paid by the applicant before completion of the LAFCo proceedings, including, but not limited to, consultant costs, feasibility studies, final recordation, and filings. Billing will be based on hourly rates. If a proposal is abandoned or terminated for any reason, the deposit amount not expended prior to that termination point will be refunded to the applicant.

2

Fees due to the State of California, including State Board of Equalization and the Department of Fish and Wildlife CEQA filing fees, will be paid by the applicant at the appropriate time and prior to final recordation of the Certificate of Completion.

DISCLOSURES FOR POLITICAL CONTRIBUTIONS

Pursuant to Government Code Sections 56100.1, 56700.1 and 57009, contributions and expenditures for political purposes related to a proposal or proceeding before LAFCo, including for a change of organization or reorganization or any proposal at the conducting authority stage of the LAFCO process (Reportable LAFCo Proceeding), are subject to the reporting and disclosure to the same extent as required for local initiative measures under the Political Reform Act (PRA), Government Code Section 81000 et seq., and the regulations of the Fair Political Practices Commission (FPPC) implementing that law.

Any applicant, opponent, or participant to a Reportable LAFCo Proceedings shall submit to the LAFCo Executive Officer all disclosures required by the PRA of contributions or expenditures for political purposes related to that LAFCo Proceeding. The disclosures may be submitted to LAFCo up to 7 calendar days after filing with the FPPC, but in no event later than 9:00 a.m. of the hearing of the Reportable LAFCo Proceeding.

All parties and participants on a matter to be heard by the Commission that have made campaign contributions totaling \$250 or more to any Commissioner in the past 12 months must disclose this fact, either orally or in writing, for the official record as required by Government Code Section 84308.

Contributions and expenditures for political purposes related to any proposal or proceedings before LAFCo are subject to the reporting requirements of the Political Reform Act and the Fair Political Practices Commission, and must be disclosed to the Commission prior to the hearing on the matter.

For further assistance, contact the Fair Political Practices Commission at 428 J Street, Suite 450, Sacramento, CA 95814, (866) 275-3772 or at <u>http://www.fppc.ca.gov</u>.

Proposal Detail (Attachment 1)

Yolo County Flood Control and Water Conservation District (YCFC&WCD) is submitting an annexation application to Yolo County LAFCo. This proposal is consistent with the adopted Sphere of Influence of YCFC&WCD.

This annexation was formally adopted by YCFC&WCD's Board of Directors through the adoption of Resolution No. 20.06. In this annexation application, 17 parcels are included, totaling approximately 2280 acres. A legal description, metes and bounds, and a map of the outer boundary of these parcels is included in this application.

The 17 parcels that are included in the annexation application are:

These parcels have historically not purchased water from YCFC&WCD. Any irrigation that has occurred on these parcels has likely been solely groundwater.

Property Tax Discussion

YCFC&WCD is waiving any property tax exchange discussion because a prerequisite for being annexed into YCFC&WCD is that landowners agree that their property(ies) will become subject to an on-going inlieu fee. The in-lieu fee approximates the portion of property taxes being received by the District from other properties already within YCFC&WCD.

RESOLUTION NO. 20.06

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE YOLO COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT REQUESTING THE YOLO COUNTY LAFCO INITIATE AND APPROVE THE ANNEXATION OF PROPERTY TO THE DISTRICT

WHEREAS, the Board of Directors ("Board") of the Yolo County Flood Control and Water Conservation District ("District") desires to initiate proceedings to annex approximately 2,200 acres of agricultural property to the District's service area pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (commencing with Section 56000 of the Government Code) ("Act"); and

WHEREAS, the District provides agricultural water service to much of Yolo County, including land within and adjacent to the proposed annexation areas; and

WHEREAS, the District has determined that this annexation will be to the long-term benefit of the District and its existing water users; and

WHEREAS, the proposed annexation areas are depicted on the map attached hereto as Exhibit A; and

WHEREAS, the proposed annexation is consistent with the District's Annexation Policy; and

WHEREAS, the Yolo County Local Agency Formation Commission ("LAFCo") has jurisdiction over changes of organization, including annexations and detachments within Yolo County; and

WHEREAS, all of the landowners in the annexation have provided consent for the annexation and agreement to comply with the District's condition of annexation and pay the associated fees and an ongoing in-lieu fee; and

WHEREAS, the Board requests that the LAFCo initiate proceedings to approve the annexation of said property to the District to enable the District to provide non-surplus water service to the annexation areas; and

WHEREAS, the LAFCo requires a Plan of Service (Exhibit B) be provided with this request.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Yolo County Flood Control and Water Conservation District as follows:

- 1. The Board hereby finds and determines that the recitals contained hereby are true and correct.
- 2. The Board requests that the LAFCo initiate proceedings to annex the identified property as authorized and in the manner provided by the Act.
- 3. The Board hereby approves the plan for providing water service to the annexation areas attached hereto as Exhibit B and authorizes the General Manager and his designee to make any changes therein as may be requested by the LAFCo.
- 4. The General Manager and his designee are hereby directed to cooperate with the LAFCo, take all actions and prepare all documents necessary to facilitate this application and ensure that the annexation areas to the District is duly and timely completed.
- 5. The Board hereby requests that the LAFCo provide any related notices to the District's Assistant General Manager Kristin Sicke.
- 6. The Board hereby requests, in approving the proposed annexation, that LAFCo require that landowners within the annexation area comply with the District's Annexation Policy, including the payment of associated fees and the District's ongoing in-lieu fee, which eliminates any need for a property tax exchange.

PASSED AND ADOPTED by the Board of Directors of the Yolo County Flood Control and Water Conservation District on December 1, 2020 by the following vote:

AYES: DIRECTORS BARTH, KIMBALL, MAYER, AND VINK NOES: NONE ABSENT: NONE ABSTAIN: DIRECTOR ROMINGER

Signed by me after its passage this 1st day of December 2020.

EXHIBIT A 2020 PROPOSED ANNEXATION PROPERTY PARCELS

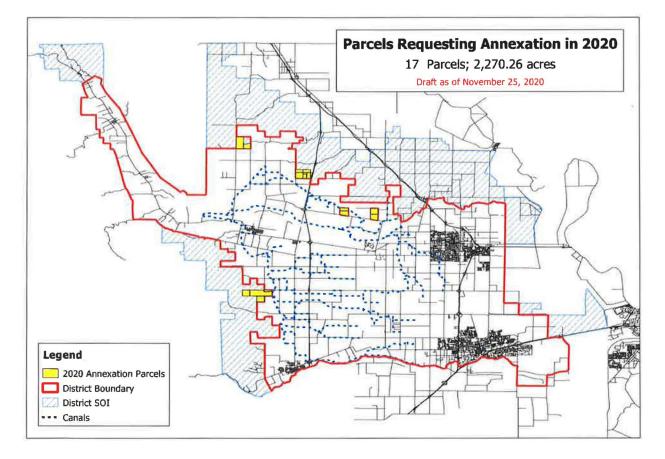

EXHIBIT B PLAN OF SERVICE FOR THE ANNEXATION AREAS

The District currently provides surplus water to properties outside of the District. The property included in this annexation request are currently unirrigated or solely reliant on groundwater. After the annexation, the parcels will also be able to access non-surplus District water.

The District is not planning to construct canals or laterals. The landowners will continue to use the District's existing facilities or will have to tie into the existing facilities. The landowners will determine if and when additional infrastructure is needed on their own property(ies). The landowners will be responsible for financing, constructing, and maintaining any facilities that they decide are needed.

Upon annexation, the lands within the annexed areas will have the same privileges and obligations as the other WATER USERS of the District regarding the use of District water.

ENVIRONMENTAL QUESTIONAIRE

Please answer the following questions and return with your application. Attach additional sheets as needed. All questions must be answered. Your answers will be used for preliminary environmental review of your project pursuant to the California Environmental Quality Act (CEQA). In order to fully assess the potential effects on the environment from the proposed project, additional information (such as a Phase 1 Environmental Assessment, Traffic Report, Biological Report, Noise Study, etc.) may be required.

 Describe the physical setting of the project site as it exists. Include information on topography, soils, vegetation, and wildlife. Also describe any existing structures and uses on the project site.

The 17 parcels that are being proposed for annexation are agricultural properties and are zoned as such. Some of the parcels have perennial crops planted on them already, some have annual crops, and other parcels are pastureland or uncultivated agricultural lands. The perennial crops that are present on these parcels are primarily wine grapes and olives. There are existing dwellings on three of the parcels, and there are shops or other structures related to agriculture on six of the 17 parcels. Topography varies on the parcels, with some being flat and others with a little bit more slope.

2) Describe the physical setting of the surrounding properties as it exists. Include information on topography, soils, vegetation, and wildlife. Also describe any existing structures and uses.

The surrounding properties are very similar to the properties requesting annexation into YCFC&WCD. They are irrigated agricultural lands, pastureland, or uncultivated agricultural lands. The topography, soils, vegetaion, wildlife, and existing structures are similar to the properties requesting annexation into YCFC&WCD. 3) Please disclose any notices of intent to preserve mineral rights that have been recorded on the subject property pursuant to California Civil Code, Section 883.230.

Information

SUBJECT

Receive the audit prepared by Richardson & Company of the Yolo Local Agency Formation Commission's Financial Statements for the Fiscal Years Ending 2021, 2020 and 2019

RECOMMENDED ACTION

Receive and file the audit prepared by Richardson & Company of the Yolo Local Agency Formation Commission's Financial Statements for the Fiscal Years Ending 2021, 2020 and 2019.

FISCAL IMPACT

For this fiscal year, the LAFCo budget appropriated a total of \$15,000 in Account 501151 for Auditing and Accounting Services. On June 24, 2021, the Commission approved a contract with Richardson & Company LLP for an amount not to exceed \$12,900. Therefore, sufficient funds were budgeted for these professional services and there is no fiscal impact.

REASONS FOR RECOMMENDED ACTION

LAFCo has conducted a financial audit of its last three fiscal years in accordance with Administrative Policies and Procedures Policy 5.18 which states:

"LAFCo shall have financial audits performed on a three year cycle (i.e. the auditor reviews the prior three fiscal years at one time). For those interim years when a formal audit has not yet been performed, staff from the County Auditor-Controller's Office shall prepare a financial statement for Commission review following the close of the fiscal year."

BACKGROUND

The audited financial statements present two sets of numbers based on different basis of accounting. The "government-wide" statements (Statement of Net Position and Statement of Activities) present numbers on an accrual basis of accounting which accounts for both long-term and short-term balances. The fund statements (Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance) present short-term balances only. LAFCo uses the fund financial statements numbers to budget from, therefore the discussion below will be based on those numbers unless otherwise stated.

Richardson & Company LLP made no financial findings in the current audit and provided lists of minor adjustments. LAFCo has operated within its budget and expenditures were consistently less than what was appropriated each fiscal year. Total fund balance has increased from \$120,376 to \$236,722 over 2019-2021 and was used to offset agency contributions each year. Since 2019 agency contributions have gone down due to proposal application revenue, even though total expenditures have increased from \$401,257 to \$444,501 over 2019-2021.

In addition to the numbers presented in the fund financial statements, government-wide statements include the following liability balances. Accrued compensated absences equal \$16,277 which represents the calculated value of banked vacation hours due. Net pension liability has decreased from \$594,380 in 2019 to \$528,211 in 2021. This is the actuarial calculated amount of pension due for prior and future employee service. There is a net OPEB liability (retiree medical) of \$109,913. This is

the actuarial calculated amount of retiree medical insurance due to prior and future employee service. LAFCo participates in the County's retirement and OPEB plans and as such has no ability to pay down these amounts and must agree to all plan changes and future lump sum payments. In addition, there are many factors involved in calculating these amounts such as return on investments, employee demographics, mortality rates, etc. which makes these numbers fairly soft. However, future increases in the CalPERS employer contributions are to be expected due to changes made by CalPERS to increase the funding ratios of all retirement plans.

The audit makes two recommendations:

- Adding a referencing in the LAFCo Administrative Policies and Procedures clarifying which County bargaining unit MOU is applicable to each LAFCo employee position; and
- Documenting an administrative agreement with the County regarding current practices related to the payment (or nonpayment) for office space and other services provided such as payroll/human resources for which the County normally charges internal users an overhead charge.

Brian N. Nash, CPA and Partner with Richardson & Company, LLP will attend the meeting to present the audit and answer any questions.

INDEPENDENT AUDITOR'S REPORT

To the Chair and Members of the Yolo County Local Agency Formation Commission Woodland, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the Yolo County Local Agency Formation Commission (the LAFCO), as of and for the years ended June 30, 2021, 2020 and 2019 and the related notes to the financial statements, which collectively comprise the LAFCO's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Chair and Members of the Yolo County Local Agency Formation Commission

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the major fund of the Yolo County Local Agency Formation Commission as of June 30, 2021, 2020 and 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, as listed in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The LAFCO has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2022 on our consideration of the LAFCO's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the LAFCO's internal control over financial reporting and compliance.

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2021, 2020 and 2019

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Yolo County Local Agency Formation Commission (the LAFCO) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies of the LAFCO are described below.

<u>Background</u>: The LAFCO is an independent agency responsible for the implementation of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 in the County of Yolo (the County). The LAFCO became an independent agency separate from the County in 2001. The LAFCO's membership includes two county supervisors appointed by the County's Board of Supervisors, two City Council members appointed by the City Selection Committee, and one public member appointed by the LAFCO. The LAFCO is empowered to review, approve or deny boundary changes, city annexations, consolidations, special LAFCO formations, incorporations for cities and special districts, and to establish local "Spheres of Influence". The Sphere of Influence for each governmental agency is a plan for its future boundary and service area. The LAFCO's function is outlined in Government Code, Section 56000 et seq. known as the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

<u>Basis of Presentation – Government-wide Financial Statements</u>: The statement of net position and statement of activities display information about the primary government as a whole. These statements include the financial activities of the LAFCO.

The statement of activities presents a comparison between direct expenses and program revenues for the LAFCO's governmental activities. Direct expenses are those that are specifically associated with the LAFCO. Program revenues include contributions that are restricted to meeting the operational requirements of the LAFCO. Revenues that are not classified as program revenues, including interest income, are presented as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions in which the LAFCO gives (or receives) value without directly receiving (or giving) equal value in exchange are recognized when all eligibility requirements have been met, include the contributions from member jurisdictions.

When both restricted and unrestricted resources are available, it is the LAFCO's policy to use restricted resources first, then unrestricted resources as they are needed.

<u>Basis of Presentation – Fund Financial Statements</u>: The accounts of the LAFCO are organized on the basis of funds. A fund is a separate accounting entity with a self-balancing set of accounts. Each fund is established for the purpose of accounting for specific activities in accordance with applicable regulations, restrictions, or limitations.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the LAFCO considers all revenues to be available if they are collected within 90 days of the end of the

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual basis accounting.

The LAFCO reports the following major governmental fund:

<u>General Fund</u> – The General Fund is the general operating fund of the LAFCO and accounts for revenues collected to provide services and finance the fundamental operations of the LAFCO. The fund is charged with all costs of operations.

<u>Capital Assets</u>: Are defined as furniture, fixtures and equipment with a useful life of three or more years and an initial cost of over \$5,000. Capital assets are depreciated using the straight-line method over the estimated useful lives of 3-10 years. The LAFCO had no assets meeting the capitalization threshold.

<u>Compensated Absences</u>: Vacation is earned up to a maximum of 184 hours per year for employees hired prior to June 30, 2013 and 160 hours per year for employees hired on or after June 30, 2013. After completion of 13 consecutive pay periods, unused vacation is paid at the time of termination from the LAFCO's employment. Sick leave is earned up to a maximum of 96 hours per year. Upon retirement, unused sick leave may only be reported to CalPERS to earn additional retirement service credit (2,000 hours of sick leave earns a full year of service credit) and is not paid at termination of employment. The LAFCO accrues accumulated unpaid compensated absences when earned by the employee. The cost of vacation and sick leave is recorded in the period earned in the government-wide statements. A liability is reported in the General Fund only if the liability has matured, for example, as a result of employee resignations or retirements.

<u>Deferred Outflows and Inflows of Resources</u>: In addition to assets and liabilities, the balance sheet will sometimes report separate sections for deferred outflows and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position by the government that is applicable to a future reporting period. Deferred inflows of resources represent an acquisition of net position that is applicable to a future reporting period. These amounts will not be recognized as an outflow of resources (expense) or an inflow of resources (revenue) until the earnings process is complete. Deferred outflows and inflows of resources include amounts deferred related to the LAFCO's pension plan under GASB 68 as described in Note D and the LAFCO's other postemployment benefits (OPEB) plan described in Note E. Unavailable revenue in governmental funds arises when a potential revenue source does not meet both the "measurable" and "available" criteria for recognition in the current period. The LAFCO had no unavailable revenue at June 30, 2021, 2020 and 2019.

<u>Fund Balance</u>: Governmental funds report nonspendable, restricted, committed, assigned and unassigned balances.

<u>Nonspendable Funds</u> – Fund balance should be reported as nonspendable when the amounts cannot be spent because they are either not in spendable form, or are legally or contractually required to be maintained intact. Nonspendable balances are not expected to be converted to cash within the next operating cycle, which include pre-paid expenses and long-term receivables. The LAFCO had no nonspendable funds at June 30, 2021, 2020 and 2019.

<u>Restricted Funds</u> – Fund balance should be reported as restricted when constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. The LAFCO had no restricted funds at June 30, 2021, 2020 and 2019.

NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021, 2020 and 2019

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Committed Funds</u> – Fund balance should be reported as committed when the amounts can only be used for specific purposes pursuant to constraints imposed by formal action (a resolution) of the Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors modifies or removes the fund commitment with a resolution. The LAFCO had no committed funds at June 30, 2021, 2020 and 2019.

<u>Assigned Funds</u> – Fund balance should be reported as assigned when the amounts are constrained by the Board of Directors intent to be used for specific purposes, but are neither restricted nor committed. The LAFCO had \$10,000 and \$5,000 of fund balance assigned for audits at June 30, 2021 and 2020, respectively, and \$2,805 and \$2,800 of fund balance assigned for computer replacement at June 30, 2020 and 2019 through Commission Resolution as part of the budget process.

<u>Unassigned Funds</u> – Unassigned fund balance is the residual classification of the LAFCO's funds and includes all spendable amounts that have not been restricted, committed, or assigned to specific purposes. The Board has a policy of maintaining a reserve for contingencies of 15% of the overall budget and a 5% emergency contingency. However, the criteria for the use of the reserved for contingencies is not defined sufficiently to consider the amount to be a commitment of fund balance under GASB Statement No. 54.

The LAFCO's policy is to consider committed, assigned and unassigned amounts to be spent, in that order, when an expenditure is incurred for which any of these classifications can be used.

<u>Net Position</u>: The government-wide financial statements present net position. Net position is categorized as the net investment in capital assets, restricted and unrestricted.

<u>Net Investment in Capital Assets</u> – This category groups all capital assets into one component of net position. Accumulated depreciation reduces the balance in this category.

<u>Restricted Net Position</u> – This category presents external restrictions imposed by creditors, grantors, contributors, laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted Net Position</u> – This category represents net position of the LAFCO that is not restricted for any project or other purpose.

The LAFCO has only unrestricted net position.

<u>Budget</u>: The LAFCO adopts an annual budget for the General Fund that is consistent with generally accepted accounting principles at the LAFCO's May meeting. The budget includes expenditures and the means of financing them and is used for planning purposes. Budgetary control is exercised at the major object level. All budgetary changes during the year require approval of the Commissioners. Encumbrances are used as an extension of normal budgetary accounting in the General Fund. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as restricted, committed or assigned fund balance since they do not constitute expenditures or liabilities.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Pension Plan</u>: For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to the pension plan, and pension expense, information about the fiduciary net position of the LAFCO's participation in the County of Yolo's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported as fair value.

<u>OPEB Plan</u>: For purposes of measuring the net OPEB liability, deferred outflows of resources, deferred inflows of resources and OPEB expense, information about the fiduciary net position of the LAFCO's participation in the County of Yolo's OPEB plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported as fair value.

NOTE B – CASH AND INVESTMENTS

<u>Use of Estimates</u>: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

<u>Investment in the County of Yolo Investment Pool</u>: The LAFCO's cash is held in the County treasury. The County maintains an investment pool and allocates interest to the various funds based upon the average daily cash balances. Investments held in the County's investment pool are available on demand to the LAFCO and are stated at fair value.

<u>Interest Rate Risk</u>: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value on an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market interest rates. As of June 30, 2021, 2020 and 2019, the weighted average maturity of the investments contained in the County's investment pool was approximately 408, 416 and 449 days, respectively.

<u>Credit Risk</u>: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's investment pool does not have a rating provided by a nationally recognized statistical rating organization.

<u>Custodial Credit Risk</u>: Custodial risk is the risk that the government will not be able to recover its deposits or the value of its investments that are in the possession of an outside party. Custodial credit risk does not apply to a local government's indirect deposits or investment in securities through the use of government investment pools (such as the County's investment pool).

NOTE D – PENSION PLAN

General Information about the Pension Plan

<u>Plan Description</u>: The LAFCO is a cost-sharing participant in the County's Miscellaneous pension plan, which is a defined benefit agent multiple-employer pension plan administered by California Public Employees' Retirement System (CalPERS). All qualified permanent and probationary employees are eligible to participate in the Plan. The LAFCO accounts for and reports its participation in the County's Plan as a cost-sharing multiple-employer pension plan under the provisions of GASB Statement No. 68.

The LAFCO participates in the County's Miscellaneous Plan and the following rate plans.

- Miscellaneous Rate Plan
- PEPRA Miscellaneous Rate Plan

Benefit provisions under the Plan are established by State statute and County Board of Supervisor resolution and the LAFCO's participation in the Plan is under the County's Personnel Rules and Regulations adopted by the LAFCO. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website at *www.calpers.ca.gov*.

<u>Benefits Provided</u>: CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. All full and part-time permanent employees and extra help employees who have worked over 1,000 hours are required to participate in the Plan. Per diem and extra help employees working less than 1,000 hours in a fiscal year are excluded from the Plan. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service and who have reached the plan-specific age are eligible to retire. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is the Basic Death Benefit, Optional Settlement 2W Death Benefit or the Special Death Benefit. The cost-of-living adjustments are the Standard Benefit or 2% per year beginning in the second calendar year after the year of retirement.

The Miscellaneous Rate Plan closed to all new participants that are not CalPERS participants.

<u>Contributions</u>: Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Funding contributions for the Plan is determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate provides the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance the unfunded actuarial accrued liability. The LAFCO is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the years ended June 30, 2021, 2020 and 2019 the contributions made to the Plan were \$67,676, \$56,310 and \$51,344, respectively.

<u>Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources</u>: As of June 30, the LAFCO reported a net pension liability for its proportionate share of the net pension liability of the Plan as follows:

	2021	2020	2019
Total Net Pension Liability	\$ 528,211	\$ 533,949	\$ 594,380

The LAFCO's net pension liability for each risk pool is measured as the proportionate share of the net pension liability. The net pension liability for the Plan was measured as of June 30, 2020, 2019 and 2018 using an annual actuarial valuation as of June 30, 2019, 2018 and 2017 rolled forward to June 30, 2020, 2019, and 2018, respectively using standard update procedures as required by GASB Statement No. 68. The LAFCO's proportion of the net pension liability was based on a projection of the LAFCO's long-term share of contributions to the risk pools relative to the projected contributions of all participating employers, actuarially determined. The LAFCO's proportionate share of the net pension liability for each risk pool as of June 30 was as follows:

NOTE D – PENSION PLAN (Continued)

The net differences between projected and actual earnings on plan investments are amortized on a straight-line basis over 5 years and all other amounts are amortized over the average expected remaining service lives of all members in the plan, including retired members, which was 3.0 to 3.1 years.

<u>Actuarial Assumptions</u>: The total pension liability at June 30 was determined using the following actuarial assumptions.

	2021	2020	2019
Valuation Date	June 30, 2019	June 30, 2018	June 30, 2017
Measurement Date	June 30, 2020	June 30, 2019	June 30, 2018

Inflation	2.625%	2.50%	2.50%
Projected Salary Increase	0.4% to 8.5% (1)	3.2% to 12.2% (1)	3.30% to 14.20% (1)
Payroll Growth	2.875%	3.00%	3.00%
Mortality Rate	(2)	(2)	(2)
Post Retirement Increase	(3)	2.00%	2.00%

(1) Varies by entry age, service, and type of employment.

(2) The mortality table used was developed based on CalPERS's specific data. The probabilities of mortality ar based on the most recent CalPERS Experience Study. The table includes 15 years of mortality improvement using 90% of Scale MP-2016 (2021) or 20 years of mortality improvements using Society of Actuaries Scale BB published by the Society of Actuaries (2020 and 2019). For more details on this table, please refer to the experience study report available on CalPERS website at www.calpers.ca.gov.

(3) The lessor of contract COLS or 2.5% until purchasing Power Protection Allowance floor on purchasing power applies, 2.50% thereafter.

<u>Changes in Assumptions</u>: The demographic assumptions were changed in accordance with the CalPERS Experience Study and Review of Actuarial Assumptions in December 2017.

Discount Rate: The discount rate used to measure the total pension liability was 7.15% for each year. To determine whether the municipal bond rate should be used in the calculation of the discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. The tests revealed the assets would not run out. Therefore, the current 7.15% discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.15% is applied to all plans in the Public Employees' Retirement Fund (PERF). The cash flows used in the testing were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021, 2020 and 2019

NOTE D – PENSION PLAN (Continued)

In determining the long-term expected rate of return, staff took into account both short-term and longterm market return expectations as well as the expected pension fund (PERF) cash flows. Taking into account historical returns of all the PERF asset classes (which includes the agent plan and two costsharing plans or PERF A, B, and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The tables below reflect the long-term expected real rate of return by asset class as of the measurement date, net of administrative expenses:

<u>Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u>: The following presents the LAFCO's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the LAFCO's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

NOTE E – OTHER POSTEMPLOYMENT BENEFITS PLAN

<u>Plan Description</u>: The LAFCO is a cost-sharing participant in the County of Yolo Retiree Healthcare Plan (the Plan), a single-employer defined benefit other postemployment benefits (OPEB) plan, which provides medical and dental to eligible retired employees and their beneficiaries. Medical insurance benefits are administered by the California Public Employee's Retirement System (CalPERS), an agent multiple employer public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State of California, in accordance with the Public Employees Medical and Hospital Care Act (PEMHCA). To be eligible, an employee must retire under the CalPERS program within 120 days of separation from employment from Yolo County. Medical and dental insurance benefits for retirees are continued for County employees based on current labor agreements. The LAFCO staff have been provided these benefits as a matter of practice. Information about the Plan may be found in the County of Yolo Annual Comprehensive Financial Report (ACFR) at yolocounty.org under Government – Financial Services - Publications. In order to fund the retiree health benefits, the County established an irrevocable trust with Public Agency Retirement Services (PARS). PARS issues a separate annual financial report that may be obtained by writing to PARS at 4350 Von Karman Ave., Suite 100 Newport Beach, CA 92660 or by calling 800-540-6369.

<u>Benefits Provided</u>: The contribution requirements of participating employers and plan members are established and may be amended by the County of Yolo Board of Supervisors subject to Memoranda of Understanding with each of the bargaining units. Currently the County and the LAFCO are required to contribute a monthly contribution towards a retiree's health insurance premiums of between \$266 and \$833 per month, depending on the bargaining unit.

<u>Contributions</u>: In May 2011 and December 2014, respectively, the County adopted resolutions establishing a Section 115 Irrevocable Trust and a plan to pre-fund the OPEB liability in the Trust. The contribution requirements are established by Memoranda of Understanding with the employee bargaining units and may be amended by agreements between the County and the bargaining units. The LAFCO's contributions were 7.95% of annual covered payroll during the years ended June 30, 2021, 2020 and 2019. The LAFCO's Contributions to the OPEB plan were \$17,642, \$15,543, and \$15,826 during the years ended June 30, 2021, 2020 and 2019, respectively. Employees are not required to contribute to the OPEB plan.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources: At June 30, 2021, 2020 and 2019, the LAFCO reported a net OPEB liability of \$109,913, \$120,029 and \$146,880, respectively for its proportionate share of the net OPEB liability of the County OPEB plan. The net OPEB liability at June 30, 2021, 2020 and 2019 was measured as of December 31, 2020, 2019 and 2018 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020 for the year ended June 30, 2021 and as of June 30, 2018 for the years ended June 30, 2020 and 2019. The LAFCO's proportion of the net OPEB liability was based on a projection of the LAFCO's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating agencies, actuarially determined. At December 31, 2021, 2020 and 2019 the LAFCO's proportion of the County plan was .1672%, .1821%, and .2144%, respectively.

NOTE E – OTHER POSTEMPLOYMENT BENEFITS PLAN (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	2021

<u>Discount Rate</u>: The discount rate used to measure the total OPEB liability was 6.75% at June 30, 2021, 2020 and 2019. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at contractually actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

NOTE F – INSURANCE

The LAFCO participates in the Yolo County Public Agency Risk Management Insurance Authority (YCPARMIA), a public entity risk pool of governmental entities within the County of Yolo, for comprehensive general and auto liability, and workers' compensation insurance. Through the LAFCO's membership in the YCPARMIA, the District is provided with excess General and Auto Liability coverage through the California Joint Powers Risk Management Authority for the years ended June 30, 2021, 2020 and 2019 and the District is provided with excess Worker's Compensation coverage through the Public Risk Innovation, Solutions and Management for the year ended June 30, 2021 and through the California State Association of Counties-Excess Insurance for the years ended June 30, 2020 and 2019. Loss contingency reserves established by YCPARMIA are funded by contributions from member agencies.

The LAFCO pays an annual premium to YCPARMIA that includes its pro-rata share of excess insurance premiums, charges for the pooled risk, claims adjusting and legal costs, and administrative and other costs to operate the YCPARMIA. The LAFCO's deductibles and maximum coverage for the years ended June 30 was as follows:

Coverage 2021	YCPARMIA	Excess	Deductible
General and Auto Liability	\$ 500,000	\$ 40,000,000	\$ 5,000
Worker's Compensation	500,000	Statutory	1,000

NOTE H – NEW PRONOUNCEMENTS

In June 2017, the GASB issued Statement No. 87, *Leases*. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange-like transaction. Examples of nonfinancial assets include buildings, land, vehicles, and equipment. Any contract that meets this definition should be accounted for under the lease guidance, unless specifically excluded in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

In January 2020, the GASB issued Statement No. 92, Omnibus 2020. This Statement addresses a number of practice issues identified during the implementation of certain GASB Statements, including 1) the effective date of Statement No. 87, Leases, and Implementation Guide No. 2019-03, Leases, for interim financial statements; 2) reporting of intra-entity transfers between a primary government employer and a component unit defined benefit pension plan or defined benefit OPEB plan; 3) the applicability of Statements No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, as amended, and No. 74, Financial Reporting for Post-employment Benefit Plans Other Than Pension Plans, as amended, to reporting assets accumulated for postemployment benefits; 4) the applicability of certain requirements of Statement No. 84, Fiduciary Activities, to postemployment benefit arrangements; 5) measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition; 6) reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers; 7) reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature; and 8) terminology used to refer to derivative instruments. This Statement is applicable for items 1) and 7) above upon its issuance and is effective for the other items above for reporting periods beginning after June 15, 2021.

In May 2020, the GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements* (SBITA). This Statement 1) defines the term SBITA; 2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability; 3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs to a SBITA; and 4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITA are based on the standards established in Statement No. 87, *Leases*, as amended. This statement is effective for fiscal years beginning after June 15, 2022.

In June 2020, the GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans.* This Statement requires for the purposes of determining whether a primary government is financially accountable for a potential component unit, except for a potential component unit that is a defined contribution plan, a defined contribution OPEB plan, or an other employee benefit plan (for example, certain Section 457 plans, the absence of a governing board should be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform. This Statement also requires that the financial burden criterion in

paragraph 7 of Statement No. 84, Fiduciary Activities, be applicable to only defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement No. 67, *Financial Reporting for Pension Plans*, or paragraph 3 of Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, respectively. This Statement (1) requires that a Section 457 plan be classified as either a pension plan or an other employee benefit plan depending on whether the plan meets the definition of a pension plan and (2) clarifies that Statement 84, as amended, should be applied to all arrangements organized under IRC Section 457 to determine whether those arrangements should be reported as fiduciary activities.

The LAFCO will fully analyze the impact of these Statements prior to the effective dates above.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Chair and Members of the Yolo County Local Agency Formation Commission Woodland, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Yolo County Local Agency Formation Commission (the LAFCO), as of and for the year ended June 30, 2021, 2020, and 2019 and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 19, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the LAFCO's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the LAFCO's internal control. Accordingly, we do not express an opinion on the effectiveness of the LAFCO's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Chair and Members of Yolo County Local Agency Formation Commission

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the LAFCO's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

GOVERNANCE LETTER

To the Chair and Members of the Yolo County Local Agency Formation Commission Woodland, California

We have audited the financial statements of the governmental activities and the major fund of Yolo County Local Agency Formation Commission (the LAFCO) as of and for the years ended June 30, 2021, 2020 and 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information to you in our engagement letter dated June 7, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the LAFCO are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies were not changed during 2021, 2020 and 2019. We noted no transactions entered into by the LAFCO during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Accounting estimates are used in the following areas: the fair values of investments in the County of Yolo investment pool and the pension and other postemployment benefits (OPEB) liabilities and related deferred outflows and inflows of resources. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. The pension and OPEB liabilities determined by actuarial valuations and were allocated to the LAFCO based on the relative percentage of contributions to the County of Yolo's plans by user agencies. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements were the defined benefit pension plan disclosed in Note D and the OPEB plan disclosed in Note E.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were seven adjustments and closing entries posted during each year under audit, including an entry to accrue the \$4,000 CALAFCO stipend budgeted in 2019, various closing entries and reclassifications related to the pension and OPEB liabilities and related deferred inflows and outflows and reclassifications to true-up assigned fund balance.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated January 19, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Commission's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the LAFCO's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to required supplementary information (RSI), as reported in the table of contents that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on it.

MANAGEMENT LETTER

To the Chair, Members and Management of the Yolo County Local Agency Formation Commission Woodland, California

In planning and performing our audit of the financial statements of the governmental activities and major fund of the Yolo County Local Agency Formation Commission (the LAFCO) as of and for the years ended June 30, 2021, 2020 and 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the LAFCO's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the LAFCO's internal control. Accordingly, we do not express an opinion on the effectiveness of the LAFCO's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses could exist that have not been identified.

We noted the following items that are presented for your consideration:

Formalizing Policies

We recommend formally documenting in the LAFCO Administrative Policies and Procedures employee pension, OPEB, vacation, sick leave and deferred compensation benefits earned by LAFCO employees by reference to the appropriate County of Yolo (County) MOU applicable to each employee position. If not all of the benefits defined in the applicable MOU are available to LAFCO staff or if any of the benefits available to LAFCO staff are different than as defined in a County MOU, that fact should be documented.

We also recommend the LAFCO consider formalizing the cost of services and assets provided by the County under current practice in an administrative agreement. An administrative agreement could document current practices related to the payment or nonpayment by the LAFCO for office space, furniture and computer equipment as well as services provided, such as payroll and benefits administration, maintenance of the County computer system and other services benefitting the LAFCO for which the County normally charges internal users an overhead charge.

FISCAL IMPACT

REASONS FOR RECOMMENDED ACTION

In the fall of 2017, the cities and County requested LAFCo to begin preparing web transparency scorecards on an annual basis promoting a vision for open government and transparency for government agencies countywide (cities, County, special districts, and joint powers authorities), thereby fostering public trust and accountability.

BACKGROUND

The checklist criteria are intended to establish a generally accepted <u>minimum</u> standard for transparency, i.e. this is not intended to be used as a "best website" contest. We acknowledge some of our larger and more resourced agencies go far above and beyond these criteria for higher levels of public service and communication. The goal for smaller agencies is not necessarily to have a high score at the outset, but to set a baseline that will hopefully see improvement from year to year.

Scorecard Results

Website transparency improved somewhat across every category from 2020 to 2021 as detailed below. There was one new special district website established in 2021, but one was disabled too. There are two cemetery districts (Cottonwood and Knights Landing) and three reclamation districts (307, 730 and 765) that are not in compliance with state website requirements. There are 5 local JPAs that also do not have websites for transparency purposes, however, there is currently no legal requirement for them to have one.

Cities and County (5)

City and Yolo County content overall improved from 94% in 2020 to 97% in 2021.

Special Districts (47)

Special district content is summarized by each district type below. The five districts that are not in compliance with legal requirements (to either maintain a website or adopt a hardship resolution) generally are very small, volunteer-run districts with no staff to maintain a website.

- Cemetery district (6 total) content overall improved from 33% in 2020 to 43% in 2021. Although three cemetery districts (Capay, Cottonwood and Knights Landing) do not have a website at all, but Capay has adopted a hardship resolution and is, therefore, in compliance with special district website requirements.
- Community Services District (4 total) content has improved overall from 35% in 2020 to 53% in 2021.
- County Service Area (7 total) content has improved from 88% in 2020 to 93% in 2021.

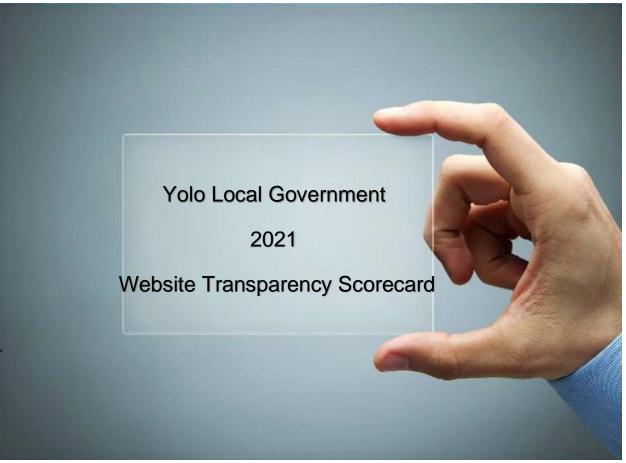

- The Sacramento-Yolo Port District (1) has improved from 84% in 2020 to 90% in 2021.
- The Yolo County Resource Conservation District (1) improved from 62% in 2020 to 65% in 2021.
- Water districts (3 total) improved slightly from 62% in 2020 to 64% in 2021.
- Fire protection districts (15 total, although only 5 are independent districts which require websites) improved from 25% in 2020 to 36% in 2021. Capay Valley FPD created a new website this year. However, Dunnigan FPD which had a website previously is now shown as "disabled" in 2021. Three FPDs do not have a website at all, but only Elkhorn FPD as an independent district is required to have one, but they have adopted a hardship claim due to a lack of broadband availability and are in compliance with state law.
- Reclamation district (10 total) content has improved slightly from 32% to 33% overall. Three RDs (RD 307, RD 730 and RD 765) do not have websites are are not in compliance with state website laws.

Joint Powers Authorities/Agencies (18)

Joint Powers Authorities/Agencies' (JPAs) content improved slightly from 52% to 54% overall. Of the 18 total local JPAs tracked in the scorecard, five JPAs do not have websites at all. These JPAs are: Conaway Ranch, Winters Branch Library Financing Authority, Winters Public Finance Authority, Woodland Finance Authority and the Yolo County Public Agencies Financing Authority. However, there is no legal website requirement for JPAs.

OVERVIEW

Yolo County residents are likely unaware of all the various local agencies that serve them. The most common method for the public to obtain this information today is the internet. Residents should be able to easily find the description of services provided, the names and contact information of board members and management, the budget, agendas and minutes of meetings, and other information. An effective website presence can also benefit the agency by making resources available online and save staff time.

In the fall of 2017, the cities and County requested LAFCo to begin preparing web transparency scorecards on an annual basis promoting a vision for open government and transparency for government agencies countywide (cities, County, special districts, and joint powers authorities), thereby fostering public trust and accountability.

The checklist criteria are intended to establish a generally accepted minimum standard for transparency, i.e. it is not intended to be a "best website" contest. We acknowledge some of our larger agencies go far above and beyond these criteria for higher levels of public service and communication. The goal for smaller agencies is not necessarily to have a high score at the outset, but to set a baseline that will hopefully see improvement from year to year.

WEBSITE CONTENT CHECKLIST

The scorecard is based on the following criteria to be included on each agency's website or webpage. This criterion was borrowed from the 2015-16 Marin Web Transparency Report Card prepared by the Marin County Grand Jury, which consolidated several well-respected organizations' checklists¹. The checklist has since been modified slightly by LAFCo as noted below.

Below is the current checklist used for the 2021 report.

- 1. Overview
 - a. Description of services/functions: What actions does the agency undertake and what services does the agency provide?
 - b. Boundary of service area: What specific area does the agency serve? (May not be applicable to all JPAs. If not, who (generally) or what agencies does the JPA serve?)
- 2. Budget
 - a. Budget for current fiscal year and three years prior to the current year.
 - b. Financial reserves policy: What is the agency's policy for designated reserves and reserve funds? (The policy should be in either the agency policy manual or found in the budget or audit reports).
- 3. Meetings
 - a. Board meeting schedule: When and where specifically does the agency meet?
 - b. Archive of Board meeting agendas & minutes for at least the last 6 months: Both approved minutes and past agendas
- 4. Elected & Appointed Officials
 - a. Board members (names, contact info, terms of office (terms do not apply to JPAs), compensation, and biography): Who specifically represents the public on the Board? How can the public contact them? When were they elected (or appointed)? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)?
 - b. Election procedure and deadlines: If the public wishes to apply to be on the Board, how and when can they do so? (Does not apply to JPAs)

2

¹ Sunshine Review (now Ballotpedia), Illinois Policy 10-Point Transparency Checklist, Institute for Local Government, and the Special District Leadership Foundation.

- c. Reimbursement and compensation policy: Which (if any) expenses incurred by the Board are reimbursed? Do the Board members receive compensation?
- 5. Administrative Officials
 - a. General manager and key staff (names, contact info, compensation, and benefits): Who specifically runs the agency on a day-to-day basis? How can the public contact them? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)? What specific benefits are they eligible for (healthcare, retirement plan, educational benefits, etc.)?
- 6. Audits
 - a. Current financial audit
 - b. Financial audits for the three years prior to the current year².
- 7. Contracts
 - a. Current request for proposal and bidding opportunities
 - b. Instructions on how to submit a bid or proposal
- 8. Public Records
 - a. What is the best way for the public to request public records?
- 9. Revenue Sources
 - a. Summary of fees received: fees for services, if any.
 - b. Summary of revenue sources: bonds, taxes, loans and/or grants. The public should be able to understand how the agency is funded, generally speaking.
- 10. Agency Specific Criteria
 - a. Municipalities: Downloadable permit applications and zoning ordinances
 - b. Special Districts: Authorizing statute/enabling act (Principal Act or Special Act), board member ethics training certificates, link to the LAFCo website and any state agency providing oversight
 - c. Joint Powers Authorities: A copy of the joint powers agreement as filed and adopted (with any updates)

For ease and transparency of use, information for each agency should be found within a few "clicks". Information that is buried in an agency's board minutes or on other websites not available in a click from the agency's website is not in the spirit of transparency. Long and complex PDF (Portable Document Format) documents, such as a budget or an audit report, must be text-searchable, and not simply a picture of a page of text, to easily find specific details.

The scoring rubric was determined based on the number of points on the checklist for which the criteria was completely met. If an agency partially met the criteria, partial points were awarded, and the checklist was denoted with an "incomplete". LAFCo remains open to public and agency feedback about what items are working well and which are not.

LAFCo provided initial outreach information at multiple times when the program started up in 2018 to make agencies aware of the new scorecard, the checklist and process to expect. Website demonstrations were held for special districts in person and via webinar (which was recorded and can still be viewed). Now that the program is up and running on a regular schedule, LAFCo sends all the agencies a courtesy letter each summer reminding agencies of scoring to occur in the fall and the website transparency scorecard after its finalized, typically in January.

² Audits are due to the State Controller's Office following close of fiscal year as follows: for cities/county by the following March 31; special districts by the following June 30 unless a 2, 3 or 5-year interval has been approved by the County Auditor; and JPAs by the following June 30.

YOLO COUNTY LOCAL AGENCIES

There are 5 cities/county, 47 special districts (28 independent and 19 dependent districts), 18 local joint powers authorities, and LAFCo for a total of 70 local agencies included in this scorecard as listed below. Dependent districts may have a local advisory body, but ultimately answer to a city or county. Independent districts have locally elected or appointed boards for independent decision making.

Every <u>independent</u> special district in California is required to either maintain a website by Jan. 1, 2020 or adopt a hardship resolution annually. Senate Bill 929 added Government Code sections 6270.6 and 53087.8. There is no legal requirement for <u>dependent</u> special districts and JPAs to maintain a website³.

³ Shading indicates:

[•] Red = district is not in compliance with SB 929 (i.e., it is independent, does not have a website, and has not filed a current adopted hardship resolution with LAFCo);

Yellow = district does not have a website but has adopted a hardship resolution, and therefore it is in compliance with SB 929; or

[•] Green = district does not have a website, but it's not legally required.

FINDINGS AND RECOMMENDATIONS

The checklist criteria are intended to establish a generally accepted <u>minimum</u> standard for transparency. We acknowledge some of our larger agencies go far above and beyond these criteria for higher levels of public service and communication. The goal for smaller agencies is not necessarily to have a high score at the outset, but to set a baseline that will hopefully see improvement from year to year.

CITIES/COUNTY

The content for city and county websites improved overall this year from 91% in 2019, 94% in 2020, and 97% in 2021.

SPECIAL DISTRICTS

Special districts can be divided generally into two different categories: dependent and independent. Dependent districts are formed and may have a local advisory body, but ultimately answer to a city or county. Examples include the county service areas and some fire protection districts which can be formed either way. Independent districts have locally elected or appointed boards and make independent decisions (i.e. not subject to a city or county). Examples include community services districts, cemetery districts, reclamation districts, and water districts, among others.

One reason why this is an important distinction is that legislation was passed in 2018 (SB 929 McGuire) which requires independent special districts to have a website by January 1, 2020 or adopt a hardship

resolution annually⁴. There are five (5) independent districts which are currently not in compliance with this new law. In addition, although not legally required, two (2) dependent fire protection districts also do not have websites (Dunnigan and No Man's Land) and an economical option would be to have a page on the Yolo County website.

Although there's been improvement since this process began, now 79% of Yolo's independent special districts currently have a website (22 out of 28). One new district website was created last year (Capay Valley FPD). In general, as illustrated by the previous table, overall special district website content improved from the 2020 scorecard to 2021.

JOINT POWERS AUTHORITIES

JPAs can take many varied forms. For the purposes of the Website Transparency Scorecard, LAFCo focused on the JPAs that operate locally as opposed to multi-county or statewide JPAs. Some of these local JPAs have an office with dedicated staff and others operate more as a "paper" JPA. As one might expect, the JPAs with dedicated staff and resources generally tend to have a website with more content while "paper" JPAs do not. Similar to the dependent districts, member agencies should work with "paper" JPAs to have a page on the agency website, such as the financing authorities.

WEBSITE RESOURCES

Streamline web <u>https://www.getstreamline.com/</u> offers a powerful, flexible content management system designed specifically for smaller local governments (used by Yolo LAFCo and several other districts and JPAs in the county) on a monthly fee, sliding scale based on agency budget.

The Special District Leadership Foundation (SDLF), a foundation arm of the California Special District Association (CSDA), provides scholarship funds for special districts to create their own website to comply with new requirements. Funding is available to districts either without a compliant website or no website at all. Applications are evaluated on the 15th of each month until the funds are gone for the year. Follow this link to download the simple, one-page application: <u>https://www.sdlf.org/scholarships/sdlf-scholarships</u>.

Yolo Local Government

Transparency and Accountability Program

VISION

Our vision is to promote open government and transparency for government agencies countywide (cities, County, special districts, and joint powers authorities), thereby fostering public trust and accountability. We will achieve this by:

- Requesting that LAFCo add selected types of joint powers authorities/agencies to its municipal service review process already conducted with the cities and special districts.
- Supporting LAFCo to develop a scorecard measuring local agency website transparency, performed on a regular basis.
- Agreement to a common checklist of information used to measure the level of transparency in local agency websites.
- Ensuring that city/county websites are a model for other local government agencies to follow.
- Encouraging local special districts and JPAs to create a web presence if they do not already have one.

GOALS

The agencies seek to improve:

- Transparency and accountability.
- Oversight.
- Service delivery and efficiency.
- Coordination among agencies.
- Public understanding of local government.
- Good governance by creating a standard of basic elements for a well-run governmental organization (annual budget, CIP, audits, etc.).

VALUES

TRUST AND INTEGRITY which the agencies will demonstrate by following through on their commitments, duties, and responsibilities.

OPEN, HONEST, AND CLEAR COMMUNICATION within each organization, between agencies and with the public.

FISCAL ACCOUNTABILITY as demonstrated by making budgets, financial practices, compensation, and audits available to the public.

PROMOTING AWARENESS of local government by promoting a website presence that describes the agency's reason for existing, a description of services it provides, and the area it provides services to.

ENCOURAGING UNDERSTANDING of where tax dollars go and how to easily contact board members and agency management.

CIVIC RESPONSIBILITY through access to board meeting schedules, agendas and minutes so the public can more easily attend board meetings and become involved.

TRANSPARENCY to respond to the growing movement to make governmental information available and searchable online.

REPRESENTATION to inform the public regarding board members (names, contact information and terms of office) and their election/appointment process.

JPA/SHARED PROGRAMS FINANCIAL BEST PRACTICES

City/County managers will determine assignments to each JPA/Shared Programs for liaison/oversight purposes. Shared programs include programs that are funded via city/county cost sharing, e.g. Yolo County Animal Services, Office of Emergency Services, West Valley Fire Training Consortium, etc.

Budget integration between JPAs/Shared programs and "member" agencies that fund them will be improved by implementation of the following process performed annually:

- City/County managers will prepare a consolidated summary-level budget preparation memo for the JPAs and other shared programs that require city/County funding. The memo should convey the budget stance for the upcoming fiscal year, plus a longer range outlook. The intent is to create JPA alignment with the cities/County budget stance and mirror agency cycles of budget reductions or growth.
- City/County managers may schedule budget workshops with the JPAs and shared programs each year around the March timeframe or as appropriate.
- JPAs and other shared programs are requested to provide draft budgets for funding agencies' executive manager review by May and final adopted budgets no later than June 15th of each year for integration into each funding agency's budget.

Formation of any new JPAs or shared programs should only be considered when the following criteria are met.¹ The proposed JPA/shared program:

- Will demonstrate cost reduction.
- Is more efficient.

¹ Governments Working Together, A Citizen's Guide to Joint Powers Agreements, California State Legislature, Senate Local Government Committee, August 2007

- Will reduce or eliminate overlapping services.
- Will result in the sharing of resources.

JPA agreements should include common policies supporting JPA funds to be held in the County Treasury (as appropriate), open government, and transparency.

PROGRAM IMPLEMENTATION – MUNICIPAL SERVICE REVIEWS OF SELECTED TYPES OF JPAs

The Cities/County request that LAFCo conduct Municipal Service Reviews every five years of selected types of JPAs whose service area is mostly within the county and includes: (1) JPAs that provide municipal services; (2) JPAs that employ staff; and/or (3) JPAs with boards comprised of agency staff. New JPAs may be created in the future and added to this list, but currently those JPAs include:

- 1. Valley Clean Energy Alliance
- 2. West Sacramento Area Flood Control Agency
- 3. Woodland-Davis Clean Water Agency
- 4. Yolo County Public Agency Risk Management Insurance Authority
- 5. Yolo Emergency Communications Agency
- 6. Yolo Habitat Conservancy
- 7. Yolo Subbasin Groundwater Agency

LAFCo steps to complete Municipal Service Reviews on a five-year cycle of these JPAs include:

- Compiling publicly and readily available information.
- Requesting any additional information from the JPA, minimizing JPA staff time.
- Developing JPA recommendations regarding each of the seven standard MSR determinations.
- Completing an administrative draft report for preview by JPA management.
- Responding to any comments and preparing a draft report available for public review.
- Publishing a hearing notice for public review and comment of the draft MSR.
- Adopting the MSR at a public hearing, finalizing the report, and posting it online.
- Sharing MSR findings with city/county managers, including any cumulative recommendations on ways to streamline and improve efficiencies with the governance structures countywide.

PROGRAM IMPLEMENTATION - WEBSITE TRANSPARENCY SCORECARD

A website transparency scorecard will be prepared by LAFCo on a regular basis involving the following steps:

- Creating list of cities, County, JPAs and special districts
- Encouraging local JPAs and special districts to establish websites and assist them, if desired
- LAFCo conducts preliminary review of agency websites
- LAFCo shares preliminary results with each agency to provide an opportunity for improvement
- LAFCo conducts follow up review
- The agency scorecard is finalized, adopted by the LAFCo Commission, shared with local agencies, and posted online

AGENCY WEB TRANSPARENCY CHECKLIST²

The scorecard will be based on the following criteria:

- 1. Overview
 - a. Mission Statement: What is the agency's reason for existing?
 - b. Description of services/functions: What actions does the agency undertake and what services does the agency provide?
 - c. Boundary of service area: What specific area does the agency serve?
- 2. Budget
 - a. Budget for current fiscal year and three years prior to the current year.
 - b. Financial reserves policy: What is the agency's policy for designated reserves and reserve funds? (The policy should be in the agency policy manual but also may be restated and found in the budget or audit reports).
- 3. Meetings
 - a. Board meeting schedule: When and where specifically does the agency meet?
 - b. Archive of Board meeting agendas & minutes for at least the last 6 months: Both approved minutes and past agendas
- 4. Elected & Appointed Officials
 - a. Board members (names, contact info, terms of office, compensation, and biography): Who specifically represents the public on the Board? How can the public contact them? When were they elected (or appointed)? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)? What background about the members illustrates their expertise for serving on the Board?
 - b. Election procedure and deadlines: If the public wishes to apply to be on the Board, how and when can they do so?

² 2015-16 Web Transparency Report Card, Marin County Civil Grand Jury, March 17, 2016

- c. Reimbursement and compensation policy: Which (if any) expenses incurred by the Board are reimbursed? Do the Board members receive compensation?
- 5. Administrative Officials
 - a. General manager and key staff (names, contact info, compensation, and benefits): Who specifically runs the agency on a day-to-day basis? How can the public contact them? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)? What specific benefits are they eligible for (healthcare, retirement plan, educational benefits, etc.)?

6. Audits

- a. Current financial audit
- b. Financial audits for the three years prior to the current year
- c. Most recent annual financial report provided to the State Controller's Office, or a link to this information
- d. Most recent LAFCo Municipal Service Review, if applicable

7. Contracts

- a. Current request for proposal and bidding opportunities (over \$25,000 in value)
- b. Instructions on how to submit a bid or proposal
- c. Approved in force vendor contracts (over \$25,000 value)
- 8. Public Records
 - a. Online/downloadable Public Records Act (or FOIA) request form: What is the best way for the public to request public records?
- 9. Revenue Sources
 - a. Summary of fees received: fees for services, if any
 - b. Summary of revenue sources: bonds, taxes, loans and/or grants
- 10. Agency Specific Criteria
 - a. Municipalities: Total number of lobbyists employed and total spent on lobbying, downloadable permit applications, and zoning ordinances
 - Special Districts: Authorizing statute/enabling act (Principal Act or Special Act), board member ethics training certificates, link to the LAFCo website and any state agency providing oversight
 - c. Joint Powers Authorities: A copy of the joint powers agreement as filed and adopted (with any updates)
